

with him telling him if she did not stop I was going to the Rangers. She is a Lesbian now after being married to several men, her Wife works at the S.O. also and we are told is going to be her clerk. They got married last year.

The Lady if you can call her that is the new JP in January. Lima's partner was Randy Turner. One of the Constables told me that both Randy and Lima were being looked at for selling drugs, planting drugs on suspects, and it was Lima who supposedly found him, they said Turner was going to confess. Everywhere Lima has worked there have been drug allegations.

Terri Mayer refers to herself as the Husband and Tesha Cook is her Wife. Terri was the depts. whore when she was 18 in Humble PD. Her and Tesha live like Queens, lots of money, Harleys, Motorhome, 3 to 4 vacations a year.

Terri Mayer was hired by Lake Livingston Village last year to patrol off duty. She used her Polk County Vehicle, punched a time clock at the POA Office, and after a while was exposed that she would stop by on her way home, punch the clock and go home. She was fired, no charges filed for obvious reasons. This too was covered up.

I was a Cop, many regrets that I did not do like everyone else and keep my mouth shut to the crime and corruption within the dept.. Did you not see the documents from the guy, Harry James Warner they hired to kill me and my children, they burnt my home, they stole my truck and hid it in the City barn over a year before stripping, and the only one charged was the Chief of Police Leonard Earl Hendricks, all his croanies retired rich. Sec parties with minors from High School, drugs, selling guns, brekaing intos tores.

When the video portion was taken to Texas Rangers by my Attorney Joseph Saranello, they erased it thinking we brought only copy. Harris County DA to this day refuses to do anything because Don Stricklin who was Asst. DA and then Judge went to the sex parties.. They beat and hung a homeless man from his cell saying he committed suicide. Ken Key did this after he was fired from HCSO when caught on tape beating prisoners at HCSO Jail. Humble hired him the next week and he made Lt.

That statement is from Harry James Warner, admitting to arson, attempted murder, being coerced and paid by Law Enforcement to do these things. They did fire bomb my house with me and my 2 Daughters I had custody of inside. When we took it to the Texas Rangers who also attended parties in Humble they erased it. I have copies. The video tape is of Warner reading and commenting on his confession. Still alive and retired nicely, Gary Warmen who made Chief, Jerry
