

Cherry in Georgia now, Gayle Holcomb, Detective Secretary and Wife of Fire Marshal, Mike Biehunko, Det. who found fake evidence on me in Chief's House after he was arrested. Jack Theis, former Chief knew about it all but did things to keep his silence. I do not care who knows what they did. All I wanted was my name cleared and even KIM OGG refuse to even talk to me, I sent her all of it. I also have voice tape of John Walger saying he was in on it but was scared for his Life, I gave copy to James Baker city manager and Walger was fired.
